

GREENTEQ Clearline Centrefold Clearspan Bi Fold Handle

Description

This Greenteq Centrefold handle is designed to work with a clearspan intermediate door lock on AluK and Smarts aluminium bi-fold doors. The lever folds down vertically into a recess in the backplate when not in use and the fixings are concealed when the lever is in the closed position. It has 43mm fixing centres and is available in a choice of colours.

10 Year Guarantee
