

MACO Z-RS Overnight/Mortice Lock 24mm Faceplate

Description

This Maco Z-RS overnight/mortice lock with latch and deadbolt has 92mm centres and a 24mm faceplate. The narrow stile case makes it ideal for use on aluminium doors, whilst also being suitable for timber and UPVC doors without multi-point locking. It has a 20mm bolt throw and is available in a choice of backset sizes.
