

ADVANCED DIAGNOSTICS ADC2019 Gateway Bypass Cable For Fiat

Description

The ADC2019 gateway bypass cable allows locksmiths to safely programme new proximity and bladed keys for various Fiat, Alfa Romeo and Jeep models from 2018 onwards.

It works together with Smart Pro and Advanced Diagnostics Fiat/Chrysler software for models fitted with a Secure Gateway Module (SGM). The cable consists of two male connectors (8 and 12 pin) and connects the Smart Pro directly to the vehicle's Secure Gateway Module (SGM) with no further intervention on the vehicle necessary.

Features

- To suit various Fiat, Alfa Romeo and Jeep models from 2018 onwards
- Requires ADS2327 software
- To programme bladed and proximity keys for models fitted with a Secure Gateway Module (SGM)
- Connects to Smart Pro
