

ASEC Cabinet Hinge Repair Plate 75mm X 10mm X 55mm

Description

The Asec hinge repair plate is designed to provide new fixing holes for concealed hinges that have been pulled from the cabinet carcass. The hinge mounting plate is screwed to the repair plate and then this is fixed back to the carcass using the new holes created by the plate.

Features

- Quick repair for concealed cabinet hinges
- Creates new fixing holes
- Size: 75mm X 10mm X 55mm
